

# NCCS Non-cash Charitable Contributions Statement

Although this simplified form is what we need to prepare your tax return, we suggest that you fill out form NCC for your own record keeping purposes. You should also obtain a receipt from each charitable organization for your records.

Clothing and other household items donated must be in good / better used condition. Any item valued at more than \$500 and not in good or excellent used condition, may only be deducted if a qualified appraisal is attached to the tax return.

**TAX YEAR**  
**20**
